

This Month in ATMNE April 2021

Opportunities from New England Affiliates

From ATMIM

- ❖ ATMIM is continuing its series of four monthly webinars that are FREE for all members. Not a member? A regular one-year membership is only \$20 (reduced rates for first year teachers, retired teachers, and students). The April webinar is on April 13th, 7:00-8:00 PM, on “Mastering the Art of Questioning to Differentiate and Engage Students in Any Learning Environment” with Dr. Alison Mello. [Register Here](#).
- ❖ Please consider joining our next Educator Meet Up where we will collaborate, reflect and share strategies about the past year. You do not need to be a member of ATMIM to attend. The May Meet-Up will be held on Wednesday, May 12, 2021 at 8:00 pm, with the theme "Changes That Will Stick". What routines and practices will you take with you from this year? [Click here to register](#).

From ATOMIC.

- ❖ ATOMIC is offering a book study for “Becoming the Math Teacher You Wish You’d Had”. Anyone can join for free and you can jump in at any time. Contact atomicbookclub@gmail.com for more information.
- ❖ The 2021 ATMNE Conference will be hosted by ATOMIC at the Crowne Plaza in Danbury, CT on Dec 3-4, 2021. They will still be evaluating the proposals already submitted for the postponed 2020 ATMNE Conference, but an additional Call for Proposals for this same event that will be evaluated alongside the previous submissions. Please share a lesson or teaching strategy in a 60 minute presentation or 75 minute workshop. Presentations will be in theater style seating. Workshops will be set up with round tables for participants to take a more active role in the learning. **The deadline for submission is May 28, 2021. Early submission is encouraged.** Go to www.atomicmath.org for more information or to submit a proposal.

From ATMNE

- ❖ ATMNE has two Twitter chats scheduled for this month, the first on April 4 (hosted by ATMIM) and the other on April 18 (hosted by ATOMIM). All chats are held on Sunday evenings starting at 7:00 p.m., using the hashtag #ATMNEchat.

From Other Organizations

- ❖ The World Science Scholars program is looking for the next group of exceptionally talented mathematical minds from around the world. Do you know students ages 14-16 who could be one of this select group of scholars?

World Science Scholars, an initiative of the World Science Festival, is a two-year program that fosters and sustains a vibrant community of outstanding math students, esteemed professors, and dedicated teaching fellows. Together, they grapple with challenging ideas and explore new disciplines in which to apply their abilities. Scholars have the unparalleled opportunity to interact directly with leading experts and join a long-lasting community of peers and mentors.

Help find the next World Science Scholar who will learn from top scientists and become leaders who change the world. NOMINATE NOW
